For entrepreneurs in the international hospitality industry

Selection process

At HMSM there is a selection process. Each year there are 390 spots available.

The first phase: writing assignment

In this assignment you will get a concrete statement on which you need to reflect. After the first round you will be informed whether you will be advancing to the next phase. (For international students this assignment is replaced by a cognitive ability test score.)

The second phase: personality test & interview

You will fill in a personality test, which determines if you possess the right character traits for a career in the hospitality sector. You will also have a personal interview with us. The opportunity to present yourself! Show us your motivation and true feeling for the world of hospitality!
